MARINA BUZZ

January 2016

Happy New Year!!

"The way to get started is to quit talking and begin doing."

-Walt Disney

Greetings!

Twenty one days into the New Year and I've already broken at least one of my resolutions! Well, at least I have 344 more days to get it right! Hopefully your year is off to a better start! As always, thanks for taking the time to read the Buzz. I hope you find it informative and maybe just a little entertaining.

Quick Info

Slip renewals were emailed to you on January 2nd. Can't locate the email? Changed your email address? Better [contact me](#).

Renewal Deadline: March 1st, 2016

*For those of you who like to save \$\$, return it by **February 1st** & take **2%** off your slip/storage fee.

Just 4 more months until Tiki Time!

Customer Shot of the Month

January's customer shot of the month kills it with this amazing submission of last fall's eclipse by Mark Yeager. You'd think he was flying past the moon in a satellite to capture this stunning image. Turns out, he was on his porch.

Keep your photos coming and if you want them

considered for our next calendar, make sure they are at a resolution of at least **300 dpi and 3375 x 2625 pixels**. For those amateur photographers out there, this simply means...big! Forward your shots to me [here](#).

We Got the Message!

We asked and you answered. Thanks to all who participated in the 2015 marina survey. The feedback was insightful and we intend to use it in our plans for the summer ahead.

Just so you know, we read every survey and every comment and here are just a few of the results:

First, the Buzz is by far the most popular way people are choosing to find marina information, with group emails coming in second. Looks like we are on the right track.

Second, it appears our docks need some love. This was at the top of the list for things the marina needs to tackle first. Some other comments include VIP customer parking, installing the 2nd crane, a marina liquor store (hmmm...interesting), expanded selection of boat & sailing parts & my favorite....give Shannon a raise. Wow! Thanks! I'll pass it along!

We'll do our best to forge ahead with marina improvements. If you don't see something being done, it doesn't mean it's not in the works. Just ask us! It's a process but we're dedicated to making it happen.

Not Your Mother's Triathlon!

Calling all triathletes! Grab your bike, your running shoes and your wet suit because history is being made this summer, and it's all happening in Dillon. Dillon Reservoir, famous for its "no swimming" rule is opening its shoreline for this epic, one day event.

[106° West](#) is a global coordinate locating the highest triathlon in the world. Athletes from around the globe will arrive on **September 10th** to compete in a 1.2 mile swim, 56 mile cycle and 13.1 mile run. Whoa! That makes me tired just thinking about it.

Whether you come to compete, volunteer or just sit back and watch with a cold drink and bag of chips, saddle up your ride and mosey into Dillon for this once-in-a-lifetime event. And if that's not enough to wet your whistle, check out this [video](#).

We're off to Florida next week for the annual [IMBC](#) - International Marina & Boatyard Conference. We'll spend three days in classes as well as networking with other marina operators, looking for ways to improve our operations and create a better experience for our customers. I will be away from the office **Wednesday, January 27th - Sunday, January 31st**. If you need assistance with your marina renewal or anything else, please contact me before I leave. Otherwise, I will get back with you when I return. And FYI, if it's really warm there, those above dates may not be accurate.

All the best today and in the year ahead!
