Removing the boat from the water and placing it on the trailer. This does not include the towing of your boat to the crane if it is necessary to do so. **Tow Charge: \$58.00**

Keel Boats: \$215.00 up to 24'...over 24' add **\$13.25 each foot**

Powerboats/ Swing Keel Boats: \$130.00 up to 24'...over 24' add **\$11.00 each foot**

DECOMMISSION SAILS *

Removing sails and preparing sails for storage. ***Note:** Unless otherwise requested on your work order, the sails will be stored on the boat. **\$95.00 per hour**

LOWER MAST

De-rigging standing rigging and lowering the mast.

Note: This service does not include securing the mast to the boat for transport or the removal and storage of sails. **\$95.00 per hour**

CLEAN BOTTOM

Pressure wash/clean bottom of boat. **\$70.00** up to 24'...over 24' add **\$3.00 each foot**

STORE BATTERY OR PULL BATTERY FOR PICK UP

Removing the battery from the boat, placing the battery in storage and charging the battery periodically throughout the season. **Store- \$42.00 per Battery / Pull for Pick Up- \$20.00**

WINTER BOAT STORAGE

\$420.00 up to 24 feet...over 24' add **\$24.00 each additional foot.**

CHANGE ENGINE OIL & FILTER

\$95.00 per hour plus parts/ Waste Oil Fee of \$12 (all oil changes)

WINTERIZE OUTBOARD MOTOR

Removing the motor from the boat, stabilizing the fuel, fogging the engine, changing lower unit oil and cleaning spark plugs. This service is available only for outboard motors less than 16 HP.

Note: This service **DOES NOT** include tuning the motor. **\$75.00 + parts**

STORE OB MOTOR

\$32.00

WINTERIZE INBOARD ENGINES

Stabilizing fuel, flushing raw water system and pumping non-toxic antifreeze through the system. Includes checking the level of antifreeze protection in the closed cooling system, adding antifreeze (if needed) and stabilizing fuel. **\$120.00 + materials**

WINTERIZING STERN-DRIVE ENGINES

Fog the engine, stabilize fuel, drain water from the engine, flush with non-toxic antifreeze and checking the lower unit oil. **\$130.00 + materials**

WINTERIZE WATER SYSTEM / HEAD

Winterizing both hot and cold water systems, and head if applicable. **Note:** This is separate from winterizing the engine. **Note:** If we have to pump out the head or drain it, the cost is **\$110.00** plus the winterization fee.

\$95.00 per hour + materials

SHRINK-WRAP BOAT

Cost is for actual boat length (overall) and includes labor and materials. 50% of total cost is charged to parts and taxed @ 8.275%. **Note:** The mast **MUST** be lowered in order to shrink wrap boat.

Up to 26' = \$18.00/foot 27'- 28' = \$20.00/foot over 28' = \$24.00/foot

PREPARE BOAT FOR TRANSPORT

A. **SAILBOAT:** Securing the mast to the boat, as well as attaching the stays and halyards to the mast to prevent damage during transport. **\$95.00 per hour**

B. **POWER BOAT:** Removing the top, folding it for storage and installing tie-down straps. **Note:** This service **DOES NOT** include checking the trailer lights, wheel bearings, tire pressure, lug nuts, trailer brakes, hitch, coupler, frame, springs, axles, or trailer bunks (pads). It is the driver's responsibility to check his trailer and load before leaving. **\$95.00 per hour**
