MARINA BUZZ

April 2016

"Unless someone like YOU cares a whole awful lot, nothing is going to get better, it's NOT!"

**-Dr. Seuss' The Lorax
- Robin Williams**

Greetings!

If you're like me, I get antsy this time of year, ready to rush out and buy new plants, start digging holes and beautifying my yard. Then a late storm rolls through and dumps snow all over my dreams of summer. Living up here definitely takes patience; remembering that each day, or each hour for that matter, could bring drastic change. So, as I write, the reservoir is still completely frozen, but a few short weeks could bring a world of change, so remember to be patient and stay tuned!

Got Insurance?

It's almost boating time! All boats hoping to launch will need to have proof of insurance, showing the marina as "**additional insured**" prior to entry. We've been spreading the word about this for months so

hopefully this is not coming as a surprise to anyone. Many of you have already provided it. If so, rest easy. If you haven't, now is the time. You do not want to delay your launch when the lake is thawed. It's as easy as picking up the phone, calling your agent & asking them to add us to your policy. Then sit back, relax and think about all the fun we're going to have this summer.

You will need to provide the following to your agent:
Dillon Marina / PO Box 1825 Dillon, CO 80435

Highest Airshow on Earth

Look what's flying in for it's 4th year at the Marina!

Back by popular demand! The "Highest Airshow on Earth" is returning to Dillon Marina and it's turning out to be the biggest and best show we've seen to date. Grab those chairs, those cameras and those kiddos and bring 'em to Dillon on June 11th, 2016. The show starts around 10 am so come early or risk parking in the next county. Tune into next month's edition of the Buzz, where we'll provide much more information about the event, including parking, launch ramp and

lake accessibility, static displays, show timelines and much more. We want everyone to be prepared as they pull into Dillon that day. You can also click [here](#) to find updates on our website.

Who Doesn't Love to be Appreciated?

The fun just never ends! Come for the show. Stay for the food. On the evening of June 11th, after enjoying an amazing airshow, we will be holding our 4th annual "Customer Appreciation BBQ." Yes, that's right! We appreciate you...like alot! I mean, you all are the reason we get to do what we do! So, thanks!

As always, for our current slip and storage customers, 2 tickets per space are complimentary and additional tickets will be available for purchase (prices to be determined). We very much appreciate your [RSVP by June 4th](#) so we can adequately prepare. Those showing up for tickets on the night of the event will no longer be appreciated. (Joking!)

Call us at 970-468-5100 to reserve your tickets. Or email Shannon: shannonj@dillonmarina.com

It's Never Too Early to Book!

The lake may still be frozen at the moment, but soon enough it will be filled with adventurous souls out for the day, enjoying those 360 degree views from aboard their boats. Chill out with up to 16 people aboard one of our pontoon boats, cruise around in one of our runabouts that hold up to 6 people or, if you're an experienced sailor, hoist the sails on one of our Catalina 22's and let the wind be your guide.

[Book now](#) to ensure you get the date and time slot you want. Or, if you're afraid of commitment, feel free to call us when you're ready or just show up. You might get lucky!

Summit County Rotary "Ice Melt" contest

(Not an actual replica of ice melt device. However, it could be Bob out camping!)

As mentioned above, the reservoir is still frozen. When it will thaw is anyone's guess. And it just so happens that a guess could be worth \$4K. If you haven't already submitted your guess, it looks like you're too late for this year's prize. But it's still fun to see when the device will drop. Check out the [Summit County Rotary](#) and see what the drop-in date has been over the years. Last year, the device went in on April 20th, just 2 days ago.

There are no passengers on Spaceship Earth. We are all crew. Happy Earth Day!
