ARTICLE VII
Medical Marijuana

Sec. 6-7-10. Purpose.

The purpose of this Article is to implement the provisions of the Colorado Medical Marijuana Code, C.R.S. § 12-43.3-101, *et seq.*, which authorizes the licensing and regulation of medical marijuana centers and affords local governments the option to determine whether to allow medical marijuana centers within their respective jurisdictions and to adopt licensing requirements that are supplemental to or more restrictive than the requirements set forth in state law.

Sec. 6-7-20. State law.

(a) The provisions of the Colorado Medical Marijuana Code and any rules and regulations promulgated thereunder, as amended, are incorporated herein by reference, except to the extent that more restrictive or additional regulations are set forth in this Article. In addition to the regulations set forth in this Article, the Town may enforce any provision of the Medical Marijuana Code and any rules and regulations promulgated thereunder applicable to licensees.

(b) To the extent the state has adopted or adopts in the future any additional or stricter law or regulation governing the sale or distribution of medical

marijuana, the additional or stricter regulation shall control the establishment or operation of a medical marijuana business in the Town. Compliance with any applicable state law or regulation shall be deemed an additional requirement for issuance or denial of any license under this Article, and noncompliance with any applicable state law or regulation shall be grounds for revocation or suspension of any license issued hereunder.

(c) A licensee may be required to demonstrate, upon demand by the Authority or by law enforcement officers that the source and quantity of any marijuana found upon the licensed premises are in full compliance with any applicable state law or regulation.

(d) If the state prohibits the sale or other distribution of marijuana through medical marijuana centers, a license issued hereunder shall be deemed immediately revoked by operation of law, with no ground for appeal or other redress on behalf of the licensee.

(e) The issuance of a license under this Article shall not be deemed to create an exception, defense or immunity to any person for any potential criminal liability the person may have for the cultivation, possession, sale, distribution or use of marijuana.

(f) Nothing in this Article shall be construed to prohibit, regulate or otherwise impair the use of medical marijuana by patients or the provision of medical marijuana by a primary caregiver to a patient in accordance with the Colorado Constitution, and consistent with C.R.S. § 25-1.5-106, and rules promulgated thereunder, as amended.
